Q3 Please note the nominees WACAC Committee Service. Please include dates in your response.

I've not held any offices for WACAC or NACAC. However I've been a member of both since 2010 and have been attending the conferences in my capacity as Admissions Counselor (UC), Admissions Counselor and MOU Program Mgr (CSU) and Associate Director of Admission (UOP) since 1994. During this time I've have collaborated with high school counselors and college admissions colleagues and have contributed to the conversations that inform our practice. I've also mentored new admission and college counselors while utilizing all the tools I've acquired through NACAC, HACAC, and WACAC. I've used these tools to inform my work in the past and present as well. I've also attended the Mid Management institute which provided me with even more tools to inform my work.

In the past, due to other commitments, I've not been able to participate fully on committees, etc. but now, I do have the time and would love to be involved. College counseling and admissions are my passion and have been in the profession for 28 years.

I have been extremely fortunate to have had two great mentors, Ed Schoenberg and Katie Murphy, both of whom have been my role models in our profession. Because of them, I have been very effective in serving both sides of the desk and bring an advocate for students on all levels.

Q4 Local, State/Regional, and/or National offices or committees served. Please include dates in your response.
