2020 Elected Position Nomination Form

Q6 Briefly state your (nominees) qualifications for this office.

I believe I am qualified to be a delegate because the last couple years of my career, I have focused on learning about the broader implications of trends in higher education and college counseling. Being a delegate would give me an opportunity to be a part of the process to impact those trends instead of just reacting to them. I would proudly represent the interests of the many groups I currently belong to and have previously been a part of. I also believe that my previous experiences with RMACAC would be a great service to WACAC and future collaboration efforts with other affiliates.

Q7 Identify and briefly describe 2-3 goals you wish to accomplish. (President-elect only)
